STEFANO RENALDI
La notte di San Lorenzo

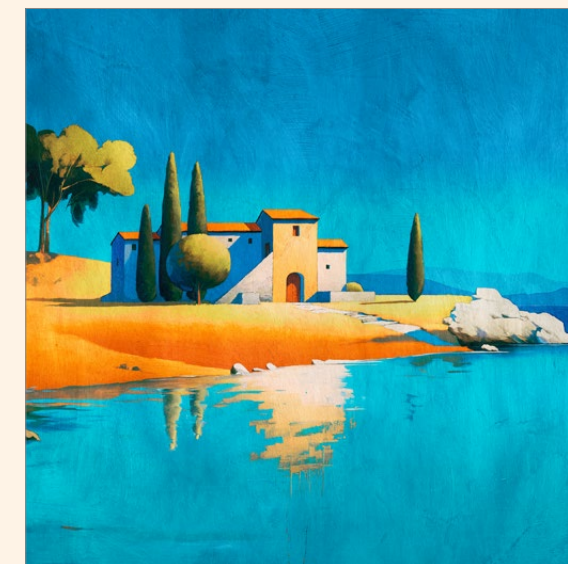

Nei sognanti paesaggi di Stefano Renaldi
si ritrova la poesia della natura, del chiarore
della luna e la quiete di dolci campagne
assolate.

*In the dreamlike landscapes of Stefano
Renaldi, lies the poetry of nature, the gentle
glow of the moon, and the serene stillness
of sun-drenched countryside.*

Fernand Léger, Robert Delaunay, Franz Marc, Umberto Boccioni: scomporre e ricomporre lo spazio e la figura, indagarne il movimento esaltandolo nel colore.

Fernand Léger, Robert Delaunay, Franz Marc, Umberto Boccioni: deconstructing and reconstructing space and the human figure, probing movement and elevating it through the expressive power of color.
